Reimagined homestead as Farmhouse Coffee & Treasures

FOUNDED *on a* FAMILY FARM

For five generations, one family farmed this land. They planted crops, raised cattle, and taught their children the value of working the soil and reaping its bounty. And when the family moved on, they shared their legacy with a new generation. Now as always, Harvest is a celebration of gathering, growing, and living.

GATHERING TOGETHER

Since 1882, the Faught family farmhouse has served as a welcoming place for family and friends to gather. The farmhouse still stands at the heart of our community and the front-porch invites you to meet your neighbors, enjoy a cup of coffee, some shopping or breakfast all day.

GROWING STRONGER

Harvest is a walkable, bikeable community rooted in farm-to-table sensibilities. Nearly 90 percent of homes are within a 5-minute walk of a greenbelt, field, or pocket park. And our on-site community farm with classes from Farmer Ross and family gardening plots encourage healthy lifestyles that help residents grow stronger.

LIVING A BOUNTIFUL LIFE

Sharing popsicles at the pool. Trading homegrown vegetables. Working hard and smart from your home office. Enjoying an outdoor movie. At Harvest, there's always something on the calendar — along with unexpected opportunities to seize and cherish every moment of your bountiful life.

AWARD-WINNING LIFESTYLE

The Harvest Lifestyle Program and our Lifestyle Director Page Austin have been recognized locally and nationally as the best in the industry.

CALENDARS and CONNECTIONS

Offering hundreds of events, gatherings, and activities each year doesn't happen by accident. Our on-site Lifestyle Director not only hosts and coordinates the majority of these events throughout the year — she also facilitates resident-led clubs, support groups, and other activities that create community at Harvest. Perhaps most importantly, she serves as a social connector for new and longtime residents alike. Once people get to know each other, even more gatherings begin to happen organically between neighbors.

UNEARTH SIMPLE WAYS
to live a
BOUNTIFUL LIFE

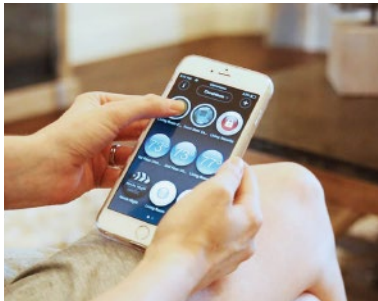

The family farming heritage that inspired Harvest continues to shape a new kind of agrarian culture — one that values farm-to-table produce, modern country living, community connection, and homegrown friendships. In so many ways, gardening nourishes the soul of our community.

As the director of our on-site commercial farm, Farmer Ross is passionate about helping Harvest homeowners and kids connect with their food through classes, volunteer opportunities, and farming advice that's both free and priceless!

At Harvest, living a bountiful life also means sharing our bounty with North Texans in need. Since our first residents moved here in 2014, Harvest has donated close to 300,000 meals to local food banks — a number that grows with each passing month!

TECHNOLOGY

Every home comes with Ring doorbell, wireless security system, home automation controller, and on-site tech support from HomePro.
